Where to cut

Where to stitch

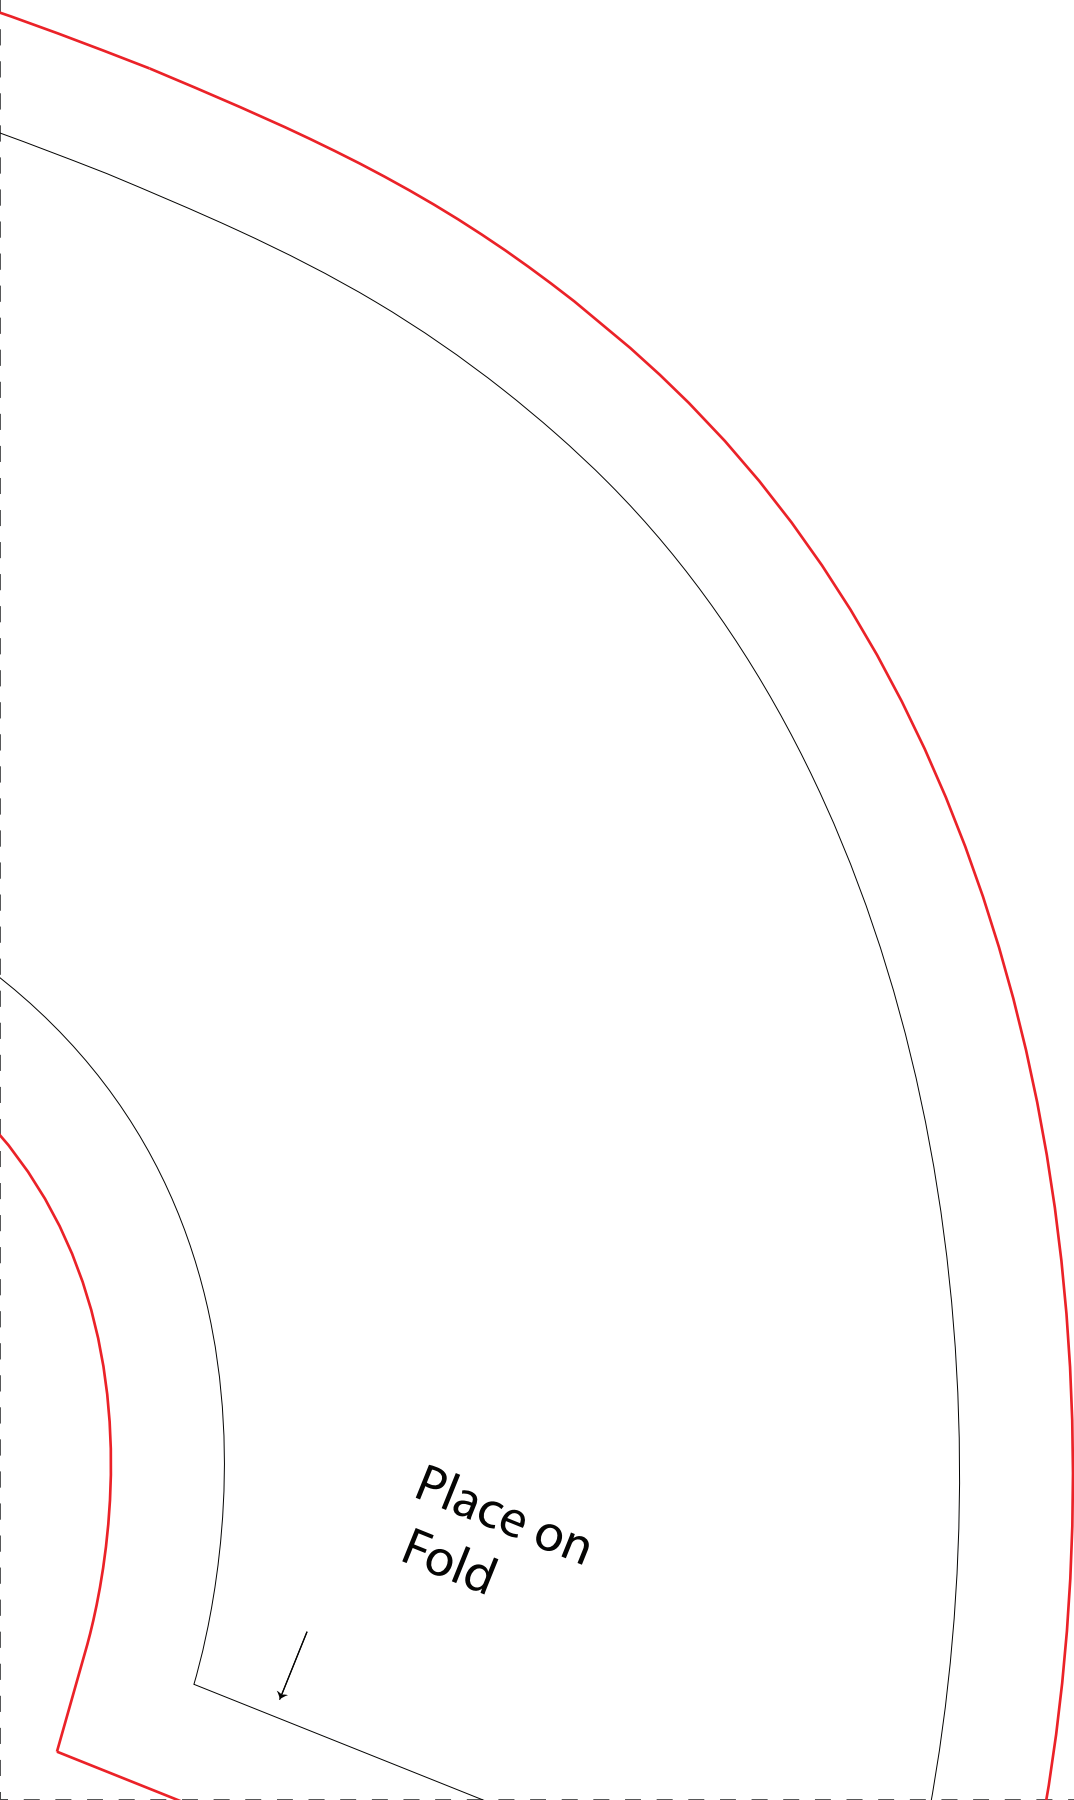

The diagram shows a pattern for a hat brim. It consists of two concentric circular arcs. The outer arc is red, and the inner arc is black. The space between them represents the brim. A text label 'Brim: 3.75" radius 5" brim' is placed between the arcs. Another text label 'Cut 2 + interfacing on fold' is placed near the inner arc. A small arrow points to the inner arc.

Cut 2 + interfacing
on fold
